

NSA Codebreaker Challenge

2022 Challenge Scenario

A US company has been crippled by a ransomware attack, and NSA is standing by to provide technical assistance to FBI agents responding.

Your mission is to:

1. Investigate the attack and discover the tools and techniques used
2. Unravel and expose a Ransomware-as-a-Service ring
3. Recover the victim's files and save the day

Who: U.S. based academic institutions

What: Annual NSA-themed challenge event

Where: Register at <https://nsa-codebreaker.org>
