# CAMPUS CATALYST: MSU-DU HACK 23

ENHANCE CAMPUS

Join us for MSU Denver and DU's first joint Hack-a-thon!
What is a Hack-a-thon? It's a coding project that a team tackles in a given amount of time according to a theme. Hack-a-thons are a great way to improve your experience and resume because employers like to see that you have done coding outside of just your school curriculum.

- Who: Anyone who knows how to code in any language
- Where: Computer Science (ECS) Building, Room 510. University of Denver
- When: October 21 10am start, ends at October 22 at 6pm
- Theme: Enhance Campus Life! Details of the assignment will be revealed on the day of
- Prize: Trophy, bragging rights, and a project to show off on your resume
